And, that in the 4th section of the Act of Assembly, entitled "An Act relating to executions and for other purposes," approved April 16th, 1840, it is enacted that the aforesaid 13th section "shall not be so construed as to prevent any militia or borough officer from serving as a judge, or inspector, or clerk of any general or special election in this Commonwealth."

By the act of Assembly of 1869, known as the Registry Law, *it is provided as follows:*

1. "Election Officers are to open the polls between the hours of six and seven, A. M. on the day of election.—Before six o'clock in the morning of second Tuesday of October they are to receive from the County Commissioners the Registered List of Voters and all necessary election blanks, and they are to permit no man to vote whose name is not on said list, unless he shall make proof of his right to vote as follows:

2. The person whose name is not on the list, claiming the right to vote must produce a qualified voter of the district to swear in a written or printed affidavit to the residence of the claimant in the district for at least ten days next preceding said election, defining clearly where the residence of the person was.

3. The party claiming the right to vote shall also make an affidavit, stating to the best of his knowledge and belief where and when he was born, that he is a citizen of Pennsylvania and of the United States, that he has resided in the state one year, or, if formerly a citizen therein and removed therefrom, that he has resided in the district two months next preceding said election, that he has not moved into the district for the purpose of voting therein, that he has paid a State or county tax within two years, which was assessed at least ten days before the election, and the affidavit shall state when and where the tax was assessed and paid, and the tax receipt must be produced unless the affiant shall state that it has been lost or destroyed, or that he received none.

4. If the applicant be a naturalized citizen, he must, in addition to the foregoing proofs, state in his affidavit when, where, and by what court he was naturalized and produce his certificate of naturalization.

5. Every person, claiming to be a naturalized citizen, whether on the registry list, or producing affidavits as aforesaid, shall be required to produce his naturalization certificate at the election before voting, except where he has been for ten years consecutively a voter in the district where he offers to vote; and on the vote of such a person being received, the Election Officers are to write or stamp the word "voted" on his certificate with the month and year, and no other vote can be cast that day in virtue of said certificate except where some are entitled to vote upon the naturalization of their father.

6. If the person claiming to vote who is not registered shall make an affidavit that he is a native born citizen of the United States, or, if born elsewhere, shall produce evidence of his naturalization, or that he is entitled to citizenship by reason of his father's naturalization, and further, that he is between 21 and 22 years of age, and has resided in the State one year, and in the election district ten days next preceding the election, he shall be entitled to vote though he shall not have paid taxes."

In accordance with the provision of the 8th section of an act entitled "A further supplement to the election Laws of this Commonwealth," I publish the following:

WHEREAS, By the act of the Congress of the United States, entitled "an act to amend the several acts heretofore passed to provide for the enrolling and calling out of the national forces, and for other purposes," and approved March 3d, 1865, all persons who have deserted the military or naval service of the United States, and who have not been discharged or relieved from the penalty or disability therein provided, are deemed and taken to have voluntarily relinquished and forfeited their rights of citizenship and their rights to become citizens, and are deprived of exercising any rights of citizens thereof;

And whereas, Persons not citizens of the United States are not, under the Constitution and laws of Pennsylvania qualified electors of this Commonwealth.

SECTION 1. *Be it enacted, &c.* That in all elections hereafter to be held in this Commonwealth, it shall be unlawful for the judge or inspectors of any such election to receive any ballot or ballots from any person or persons embraced in the provisions and subject to the disability imposed by said act of Congress approved March 3d, 1865, and it shall be unlawful for any such person to offer to vote any ballot or ballots.

SEC. 2. That if any such judge and inspectors of election, or any one of them shall receive or consent to receive any such unlawful ballot or ballots from any such disqualified person, he or they so offending shall be guilty of a misdemeanor, and on conviction thereof in any court of quarter sessions of this commonwealth, shall for each offence be punished in like manner as is provided in the preceding section of this act in case of officers of election receiving any such unlawful ballot or ballots.

SECTION 4. That if any person shall hereafter persuade or advise any person or persons, deprived of citizenship or disqualified as aforesaid, to offer any ballot or ballots to the officers of any election hereafter to be *held in this* Commonwealth, or shall persuade, or advise, any such officer to receive any ballot, or ballots, from any person deprived of citizenship, and disqualified as aforesaid, such person so offending shall be guilty of a misdemeanor, and on conviction thereof in any court of quarter sessions of this commonwealth, shall be punished in like manner as provided in the second section of this act in the case of officers of such election receiving such unlawful ballot or ballots.

Particular attention is directed to the first section of his Act of Assembly, passed the 30th day of March A. D. 1860, entitled "An Act regulating the manner of Voting at all Elections, in the several counties of this Commonwealth;"

"That the qualified voters of the several counties of this Commonwealth, at all general, township, borough and special elections, are hereby, hereafter, authorized and required to vote, by tickets, printed or written, or partly printed and partly written, severally classified as follows: One ticket shall embrace the names of all judges of courts voted for, and so labelled outside "judiciary;" one ticket shall embrace all the names of State officers voted for and so labelled "State;" one ticket shall embrace the names of all county officers voted for, including office of Senator, members, and members of Assembly, if voted for, and members of Congress, if voted for, and labelled "county;" one ticket shall embrace the names of all township officers voted for, and be labelled "township;" one ticket shall embrace the names of all borough officers voted for, and be labelled "borough;" and each class shall be deposited in separate ballot boxes.

Pursuant to the provisions contained in the 67th section of the act aforesaid, the judges of the aforesaid districts shall respectively take charge of the certificate or return of the election of their respective districts, and produce them at a meeting of one of the judges from each district at the Court House, in the borough of Huntingdon, on the third day after the day of election, being for the present year on Friday, the 15th of November next, then and there to do and perform the duties required by law of said judges. Also, that where a judge by sickness or unavoidable accident, is unable to attend said meeting of judges, then the certificate or return aforesaid shall be taken in charge by one of the inspectors or clerks of the election of said district, and shall do and perform the duties required of said judge unable to attend.

Also, that in the 61st section of said act it is enacted that "every general and special election shall be opened between the hours of eight and nine in the forenoon, and shall continue without interruption or adjournment until seven o'clock in the evening, when the polls shall be closed."

GIVEN under my hand, at Huntingdon, the 14th day of Sept., A. D. 1869, and of the Independence of the United States, the ninety-second.

PARODY NO. 2.

There's a flaunt about to stream,
There's a light about to beam,
There's a warmth about to glow,
There's a flower about to blow,
There's a midnight darkness
Changing into gray,
Men of thought and men of action,
Clear the way!

Aid the dawning, tongue and pen;
Aid it, hopes of *honest* men,
Aid it, paper, aid it typo,
Aid it, for the hour is ripe,
"Secret Orders" must be broken
Into clay.
Men of thought and men of action
Clear the *way.*

With the right shall many more
Enter smiling at the door,
With the giant wrong shall fall
Many others, great and small,
That for years long have held us
For their prey.
Men of thought and men of action
Clear the way. TODD.

[For the Globe.]

Colloquy between a Republican and Democrat.

Doubtless you have frequently passed yon old residence, with many signs of antiquity and some evidence of neglect; owing to the declining years and infirmities of its owner and occupant, who had measured a long life of honest activity, mingled with more of the joys and sorrows incident to humanity, than generally falls to the lot of man.

One day, whilst seated in his unpretending parlor musing upon past events, who should enter to interrupt his sober meditations but his old acquaintance Danton, when the following dialogue was introduced between the parties:

Danton—Why, friend Alfred, you have grown gray since I saw you, and sombre sadness appears to have settled down upon you. What is wrong?

Alfred—If a long life spent in honest industry, with a strong desire to promote the good of our race, and now in the evening of life to make ready for that solemn change from a world of sin and sorrow to a world of joy and peace, under the government of the Prince of Peace, should produce sorrow, I might be sad; but such is not the fact.

Danton—But I am sorry you left the Democratic party. We have never been able to carry a single election since you left us, and we think the present would be a favorable time for you to return to your old faith.

Alfred—I never departed from the old Democratic faith, as those falsely called Democrats have, both as to practice or definition. Thus "Democracy is a government by the people" and "Democrat" is by the highest authority, one who favors the extension of the right of suffrage to all classes of men." Now such is the democracy for which the Republicans contend, and for which hundreds of thousands of them have left their bones bleaching on the ensanguined battle-fields of the late cruel rebellion, whilst you are persistently keeping up incessant war *against the extension of that right.*

Danton—Come my old friend, don't be too severe, we only deny the right of suffrage to the "*Nigger,*" and you know they are not capable of exercising that right.

Alfred—I know no such thing, and it is a mean bogging of the question, knowing as you must know, that it would be easy to find negroes, fully competent to be your teachers, both intellectually and morally. And it cannot be denied that the sediment of what was once the Democratic party, have long since settled down in the advocacy of the unlimited extension and perpetuation of that foul institution, that moral plague spot, that vile Upas, planted by cruel hand upon the south side of our body politic which has been for years permeating our social, moral and political institutions, with such fibrous and deadly poison that the friends of human liberty became alarmed with the progress of human bondage, in this as we thought the seed plot of that liberty, which is the birth-right of every human being, and for which the heart of man is ever throbbing.

Danton—O, you do us great injustice by charging us with proslavery principles; we are the negro's friends; we are opposed to slavery, but we had our own place of stopping its progress.

Alfred—Yes, you had a place indeed, which was, to sing the syren song; "Let slavery alone; it will die out of itself;" whilst it was increasing at the alarming rate of nearly seventy thousand a year. At the birth-day of our independence there were but a few thousand slaves in the United States, and at the beginning of the rebellion they numbered about five millions.—This was "letting alone" and "dying out" with a witness.

Danton—But it was your abolitionists that brought on the rebellion by their impudent meddling with *other* people's business.

Alfred—You have failed to prove anything against abolitionists, save the exercise of a right to denounce your institution as a political and moral evil, which was their right and their duty; which they did with such power that it stung the institution to the heart, and its friends, in throes of wrath, madness and folly, threw reason to the wind, and rushed into rebellion against the kindest-hearted brotherhood that was ever murdered by a fraternity of wicked men.

Danton—But why do you blame the Democracy with having anything to do with rebellion?

Alfred—The Democracy, so called, were to blame for inviting the South to rebel, by words and action not to be misunderstood. Witness the stump speech of Chief Justice Taney, called a decision in the Dred Scott case, where, against reason, history and humanity; in the interest of slavery, he decided that "the African had no political rights that we were bound to respect;" knowing as he did that the Africans of four of the States did with strong arms assist our fathers in fighting the battles of the revolution, and also by their suffrage assisted in forming our Constitution. Yes, they were then a part of the "We, the people of the United States, in order to form a more perfect union," &c. And President Buchanan, in pursuit of the same doctrine and in service of the same masters, did by special message to Congress urge that body to receive Kansas into the Union under a slave constitution, without allowing the people to vote for or against as was their right. Congress refused, and when the question was submitted to the people they decided by a vote of about four out of five for a free constitution. And thus the true historian is obliged to write dark reprobation upon the character of the Judiciary and Chief Executive, and thank God for a Legislative department which saved our country from disgrace and ruin; and future generations will look back and wonder at the dark and deep corruption of those times.

Danton—You do great injustice to that pure patriot, James Buchanan, who labored so earnestly to avert the war.

Alfred—Yes, to avert the war and serve his Southern masters, he sifted the nation and selected thieves, traitors and rebels to fill his Cabinet.—And when they had burnt our navy yards, stolen and sent to the South our arms and munitions of war, robbed our treasury, disorganized our army and navy, dragged our standard in the dust, declared war, and stained their hand in our brothers' blood—still President Buchanan, with his Cabinet counsellors, declared they had no right to fight or coerce rebel States into subjection. And his friend Judge Woodward openly declared that if the South chose to secede, let them secede in one of the two parts of a section of an old Revolutionary State master, you would renew the struggle to do injustice to *the poor defenseless African,* and keep up a constant yelping against the 15th amendment as though it had not been passed in strict agreement with the very letter of the Constitution. But it will not do. Begone vile knave, your money perish with you and your ruined party, and never at the peril of your life, insult me or any friend of mine with your contemptible corruption. AN OLD DEMOCRAT.

POWELL, THE EXPLORER.—Colonel J. W. Powell, the Colorado explorer, returned to Chicago on the 21st inst., having successfully traveled the entire grand canon from Queen river, the point where Colorado debouches into an open plain, in the Territory of Arizona. The expedition descended over about four hundred miles between walls almost vertical, ranging from five hundred to fifteen hundred feet in height, the exterior of the canon being from twenty five hundred to four thousand feet above the bed of the river. More than two hundred waterfalls and cascades, emptying themselves over the walls of the canon into the main river, were seen in this district, presenting almost every variety of natural scenery and geological formation. The canon consists principally of limestone, and granite, found only at three places and in limited amount.

No discoveries of precious metals were made, and no indications of gold or silver were found in the bed of the river. One section of the canon was proved to consist of very fine and beautifully-polished marble, which is at present entirely inaccessible. The country traversed was barren beyond description, and is pronounced by Col. Powell not susceptible of cultivation, even by irrigation.

MARRIAGE OF BISHOP STEPHENS.—The Wilkesbarre *Record of the Times* of the 15th says:

"Quite a number of invited guests assembled in St. Stephen's church, yesterday morning to witness the marriage of Bishop Stephens and Miss Anna, daughter of Hon. John N. Conyngham. The ceremony was performed by Bishop Lee, assisted by Rev. Mr. Potter, son of Bishop Potter.

A little romance is connected with this. When the Bishop was injured some months since by a railroad accident he was conveyed to Mr. Conyngham's residence, where he was tenderly nursed by the family, and by none more so than Miss Anna. The result is stated in the above notice.

NOTE.—Where I know any member of the Committee to be opposed to the success of the Republican ticket, I will feel it my duty to appoint another in his place.

D. M. PAINTER,
Chairman Republican Co. Committee.

☞ Who wants waste paper? By applying at the publication office of the guerilla organ at Mt. Union, (not Chicago,) almost any quantity of returned *Republicans* can be had at less than cost.

☞ The tickets in another column of this paper are full Republican tickets. Cut them out carefully and vote them. See that all other tickets have the same names, and are printed correctly.

☞ What has given rise to all the trouble? Nothing more than that the "slate" made up by the Orlady secretorganization was broken at the late Republican county Convention. Cremer was on that "slate" and he was sworn in as a member of the "Literati or People's League."

☞ It is turning out just as we expected it would, that the secret political *clan* in the county is the organization that is now fighting the Republican ticket. Cremer knows all about the *clan*—he is "in" where he can see. The stop-thief game will not answer any good purpose for them any longer.

The fight in our party is the same old fight with a new leader to lead on what has been known for several years as the "Orlady and Wharton faction." How Mr. Scott will bring this old faction out of the fight time will tell. If it does not politically kill him he will be *very* lucky.

☞ The disorganizers are opposed to Williamson because he is a partner in Woods' office. Others interested in the National Bank are opposed to Williamson because they believe he will deposit the county funds in the Union Bank. These are the only objections we have heard urged against Mr. Williamson.

☞ The disorganizers are reporting over the county that there will be no regular party ticket to be voted for on the day of election, and that Republicans can vote just as they please without running the risk of being censured for bolting party nominations.—Don't believe any story coming from a man opposed to any man on the ticket. The full Republican ticket is before you, just as it was nominated by the Republican county Convention.

☞ There is trouble in the Democratic party. Some hungry office-seekers in the Democratic party, Uncle George at their head, has had Cloyd's name put upon the regular Democratic tickets for the purpose of completing an arrangement with the disorganizers to secure their votes for Democrats. Many Democrats will not stand such a trade—they say they will not vote for Cloyd or any other man that denounces them as rebels and traitors. Uncle George and Bruce will meet with some trouble in their attempt to force Cloyd down the throats of the Democratic voters, especially in Carbon where the voters *don't* vote for Know Nothings.

The Greatest Political Mistake in his Life.

It is unpleasant for us to speak of Mr. Scott and his present political position as a Republican; but our first duty is to protect the interests and the organization of the party that elevated him to the United States Senate, and of which we are a working member. Possibly he does not see the mistake he has made—but we believe that time will convince him that his present course in our local politics is the greatest political mistake of his life. For several years past the members of the "Literati" or "People's League," of which it appears Lt. H. Orlady is chief ring-master, have been trying to persecute all Republicans who would not come under their dictation. W. H. Woods, not slow to see through the "ring," stood off upon his dignity as an original Republican and refused to be used by mere office seekers. This dignity of Mr. Woods, of course, was offensive to the would-be leaders, and they have ever since by every means possible misrepresented him and all other independent men in the party. They have worked away at Woods and "Woods-men" until Woods and "Woods-men" are a power in the county, *able to walk*, and claim and have their rights in the party with any other man or any other man's men. Such being the *situation*, the ring-master of the "Literati" or "People's League" must make a more desperate effort to regain his former power. He knew Mr. Scott did not like Woods—and Mr. Scott allowed himself to be placed in the front of the fight, and there he stands, while the ring-master, the great chief of the disorganizers, takes a back seat to watch the fight. The fight goes on—and will go on—the independent Republicans on one side, and the "Literati" or "People's League," and the aristocratic political "ring" on the other. How well Mr. Scott will be able to serve the secret organization of disorganizers, time will tell. One thing Republicans may be sure of, the fight will not end with this campaign—disorganizers may as well commence hunting a resting place outside the Republican party.

Just the Best Evidence that They are Wrong.

The *Democratic* papers all over the State are just now praising Hon. John Scott and his associate disorganizers for the course they are pursuing in their efforts to defeat the Republican county ticket. The Harrisburg *Patriot*, the State organ of the Democratic party, is especially pleased with Mr. Scott's conduct. Such friendship was very damaging to Andy Johnson when he first attempted to disorganize his party that had elected him, and it will prove the same to Mr. Scott and his political friends. Honest Republicans know that Democratic papers never speak well of an earnest and reliable worker for the success of the Republican party. The Democrats expect to be benefitted by the conduct of the disorganizers, and that is the reason why they are patting Mr. Scott and others on the back and giving them words of encouragement to keep up the fight in our party. A Republican can only be sure he is right when Democrats condemn his course—and the fact that the Democrats are delighted with the conduct of the disorganizers should drive every honest, true party Republican to the support of every man on the ticket. After the election we know we will hear loud and heavy curses heaped upon the heads of the leading disorganizers by honest Republicans who may be deceived and influenced by them to oppose any part of the regularly nominated ticket.

☞ "More Anon," in the Guerilla Organ, the *Republican* of last week, says a caucus of Leaguers was held in Mount Upion in August '64 to nominate a candidate for the Legislature, and Ephraim Baker and Mr. Livingston held a caucus in the Franklin House in this place on the night named by "More Anon,"—we were there. Of course Cremer's friends held no caucus before the meeting of the late Convention—they were all at sea and didn't know how to vote? The ring master and the political aristocrats did no caucussing either, we suppose. Caucuses are very fashionable—a caucus nominated Geary—a caucus nominated Scott—the friends of all opposing candidates held caucuses of their friends, before they go into a general caucus or a Convention. There is nothing wrong in the friends of a candidate to agree upon what action may be necessary to secure his success. Caucusing is all right—and in Union there is strength.

☞ The disorganizers say they have a committee in every election district to give out *their* tickets. What ticket will be *their* ticket? Will it be the ticket Logan has paid the *Monitor* publisher $75 to print—the full Democratic ticket with the exception of Treasurer, or will it contain the names of those on the Republican ticket ratified by "My Committee" and filled out with the Democratic volunteer candidates, including Cloyd? We earnestly call upon Republicans in every election district to watch the disorganizers closely; they will stoop much lower to deceive honest Republicans than Democrats will.

☞ Vote the whole ticket and disappoint Cremer's guerilla *clan*.

STAND BY THE TICKET!

We call upon every Republican in the county to go to work earnestly, and to vote the WHOLE TICKET regularly nominated by the Republican party. It matters little or nothing to us, financially, whether the ticket is elected or not, but we feel an interest in the success of the ticket because it was fairly nominated, and because political ingrates want to see it defeated. We are for it the more earnestly because it is a ticket taken from the ranks of the people, and not from the "slate" of the political *clan* now in league with the Democrats to defeat it. If the ticket should be severely *cut*, the party in the districts where the *cutting* is done will be held responsible and will receive proper attention in campaigns to follow. We can not believe that the Republican party of Huntingdon county is ready to surrender its strength to the Democrats, at the bidding of a few disappointed politicians who are never satisfied unless they have all the nominations for themselves or for such of their friends as will consent to be led by the nose to do their bidding. VOTE THE WHOLE TICKET, and disappoint Cremer's hungry *clan*.

☞ Logan is a beauty of a Republican. But perhaps it is wrong to censure him for what he is required to do by his masters who control his actions. It is believed that he has collected money from some of the candidates, and received money from the State Committee and from Post Masters and other office-holders in the county, and that he is now using the money to have printed and circulated in every election district, Democratic and Guerilla tickets. Certain it is he *is not* circulating the ticket nominated by the Republican County Convention. *He is acting with the Democratic party for the success of the volunteer candidates* and the success of the Guerilla candidate Cloyd, who, like the political ingrate Cremer, who was honorably defeated in the Republican Convention where they were candidates only subject to the decision of the Convention. Well, Logan, Cremer, Cloyd, and their masters, suppose they have received all from the party they will ever get, are now ready to unite with the Democrats to defeat the Republican party.

☞ Republicans, suppose you do the bidding of Orlady, Scott, Cremer, Fisher, the Blairs, and other *ring* disorganizers, and defeat a portion or the whole of your regularly nominated county ticket—what then? Will you be ready to join in with the Democrats in their shouts of victory over Republicans and the Republican party? You would be to the Democrats what the Democrats were to the Rebels during the War—aid and comfort. Remember the present difficulty in the Republican party is only the seed sown by Orlady & Co. to completely ruin a party he and his secret organization cannot any longer control. The people of the party have taken the control of the party out of the hands of a corrupt combination of disappointed politicians, and never again will the "Literati or People's League" be master of the situation to nominate or defeat nominees.

☞ "You were wrong a year ago",—*Cremer's Republican.*

A year ago we were working hard for Gen. Grant, and the whole Republican ticket, including Sheriff Neely. Where were *you* a year ago? Playing old fogy—doing nothing for your party either by word or with the money you made by holding office received from the Republican party. We were wrong a year ago—perhaps you think so because we would not agree with your *clan* that Capt. Neely should be defeated. When your *clan* agreed to defeat McVitty we did not claim to belong to the Republican party—we had taken a back seat—then your *clan* had their own way and defeated McVitty. The Republicans of the county know about how wrong *we* were a year ago, but of you they know nothing until you got hungry again for another office.—Your *clan* is through.

☞ Cremer says he and his gang of disorganizers are the Republican party—that they represent the party organization—and that the *Journal & American* and the *Globe*, and all who are in favor of electing the county ticket, are guerillas and disorganizers.—Did you ever! Such impudence from a man who tried to buy his nomination in a Convention he now denounces. But what else could be expected from *such* a party man. After he failed to deceive the Republican Convention, he was willing to be *called out* by the Bar as a volunteer candidate, but the Bar wouldn't call. He then, for a price, agreed to help the Democrats to defeat the Republican ticket, and he is trying to earn that price. Dig your political grave very deep, Mr. Cremer, for your treason to the Republican party will stink very loud after the election.

☞ Look out for letters and affidavits in Cremer's guerilla organ. The disorganizers are desperate and some of them will not hesitate to swear to a lie to get the people to believe it.

☞ We have on our side all the right thinking men in the county.—*Cremer's Republican.*

Je-ru-sa-lem, that's a wide sweep for a small man who couldn't have influence enough with the party to secure a nomination. We will see when the returns come in how many of *your kind* of right thinking men there are in the Republican party. All who do not vote as you direct, it will be fair to suppose you will count as not right thinking men. In your estimation they will be the "common stock" of the party—not worthy to be consulted when the party's interests are at stake. Well, we'll wait patiently to see how many of your kind of right thinking men there are in the party.

☞ We notice in the Philadelphia papers that a Republican meeting had been ordered to be held in this place on Thursday next. No such meeting will be held, as the only proper authority for calling Republican meetings in the county will not agree to disturb the County Fair with a political meeting. The calling of a meeting is no doubt the secret work of the disorganizers to injure the Republican party, and the party will do right by treating the call with contempt and attend to the business of the Fair as the Democrats will do.

☞ Cremer complains that Mr. Woods replied to Mr. Scott while he was absent from town. Mr. Scott was in town when he made the attack upon Mr. Woods, and because Mr. Woods did not see proper to reply until Mr Scotts remarks were published, Cremer reminded Mr. Woods that he was slow making a reply. Mr. Wood's reply took Cremer and his *clan* by surprise, and he will surprise them more before he gets through with them.—They commenced the fight with Woods and if they get the worst of it they will nobody to blame but themselves.

☞ GUERRILLAISM.—A secret, oath-bound Ku Klux *clan* within the Republican party organization, fighting in *ambush* against every member of the party who does not swear allegiance to the *clan* or work with them and for them.—*Cremer's Republican.*

True—and nobody could know better than you the purpose of *your* secret organization. You are faithful to *your clan*. We never expected that you would so soon accidentally expose the workings of your secret order.—You will now be "dropped," like Blair, as unworthy the confidence of the *clan*.

☞ Will they swallow the dose?—The disorganizers say they have made arrangements with the Democratic volunteer candidates to have Cloyd swallowed by the Democratic voters. Uncle George wants to be elected to *reform* the Republican Commissionert and he will not object to any "*Rascally Black-Republican*" voting for him. If the Democrats can come down to vote for the guerilla Republican candidate for treasurer, they will be able to swallow any dose prepared for them by Rash and Uncle George.

SERVED HIM RIGHT.—"My Committee" called several township meetings during the past two weeks but they were treated with contempt by the true Republicans of the districts.—Speakers true to the party could not be made tools of to accommodate "My (disorganizers') Committee," and those who would be willing to stump the county in the interest of the disorganizers don't like the smell of rotten eggs. The true party men throughout the county are in earnest and they will teach the political aristocracy of this place a lesson they will not soon forget.

THE ring of disorganizers in town is a political aristocracy the great mass of the party of the county are asked to obey and worship. If you offend one you offend all—they act together as a unit. They arrange their plans in secret, and if you fail to assist them in carrying out their plans they denounce you as belonging to a "Woods Literati." They will not submit to any dictation from any outsider, unless the outsider should happen to be a Democrat who can promise "aid and comfort."

☞ You need not expect to see Cremer, Scott, Dorris, or either of them ever follow in *your* footsteps.—*Cremer's Organ.*

Sorry for that—but only in part.—Scott and Dorris *could* be useful in the party, but as for you we have never heard of you working for any body but yourself. If we are not to expect either to come back into the party, the party will no doubt be able to get along without you and them, as it has in many campaigns when three of us were on the other side and you were politically asleep.

☞ We are sure that we are right and we go ahead."—*Cremer's Guerilla Organ.*

The *Democrats* say they think you are right—just as they said of Andy Johnson. The Republicans of the county will give their opinion on Tuesday next, and we'll bet a cow that a *very large* majority will give it as their opinion that you and your *clan* are wrong—just as wrong as any other ingrates to their party can be—as wrong as Andy Johnson was in his attempt to disorganize the party.

☞ Every Republican who desires the success of his party will vote his party ticket from top to bottom.

Letter from W. H. Woods, Esq.

NO. 2.

MESSRS. EDITORS:—I was in hopes that the proofs furnished last week, showing that the candidates of the Republican party were fairly nominated, would have been sufficient, and that harmony would be restored to the party, and that instead of quarreling among ourselves we might unite to poll a full vote for the State ticket.

When we produced a paper, signed by nearly all the delegates that nominated the ticket, emphatically denying that they ever belonged to any secret order, it ought to have satisfied every fair, candid mind; but these guerillas are determined that they will not be convinced, no difference what proof is produced.

As Mr. Cremer in this week's issue of his guerilla sheet, still rings upon the same key, I am forced to do, in justice to myself, to the party, and its nominees, what I would avoid if I could, viz: making exposures of who do belong to the secret order, called the "People's League." Dr. Henry Orlady and George W. Johnston are the ring leaders of the League as well as the prime movers in the present attempt to disorganize the Republican party; and this is not the first time these men have played guerilla, as I will show. That the people may understand the true position of affairs, I will go back a few years and see who have been controlling the party and who have held its offices. In looking over the political field we find that the present disorganizers or Leaguers have made all the nominations and held all the offices, with very few exceptions, for the last twelve or fifteen years, and we will also find that whenever an honest man did break through their ring and get the nomination, these same men did their utmost to defeat his election. In the year 1858 R B. Wigton was nominated for the Legislature. After he was nominated he met W. B. Zeigler, of Huntingdon, who at that time belonged to the League but afterwards left it, who informed Mr. Wigton that there was a secret political organization in this county, and he found that Mr. Wigton did not belong to it; that he did not know whether the order would fight him or not, but would tell him in a couple of weeks. He afterwards informed him that the order had concluded not to oppose him. Mr. Wigton was elected. The next year, 1859, Mr. Wigton was again nominated, after a fierce contest with the "ring," or "People's League," as they now call it. In canvassing Jackson township that fall, Mr. Wigton called upon a leading man there who was his friend, who told him that they had a secret order in the county and he was very sorry to find that he did not belong to it, but that he was determined that it should not hurt him in Jackson township. This man kept his word; in Jackson township Mr. Wigton was not cut, but was cut to pieces in the other townships of the upper end, where the "ring" could do it. I have R. B. Wigton's permission to make this statement.—We thus have the proof that this secret order was at work previous to 1858, and was so powerful at that time that quietly it could defeat the member for Legislature.

This "ring," or "People's League" as they now call it, had its own way after that until 1865, when Ephraim Baker was nominated. He broke their "ring," and, like they did with Mr. Wigton, they tried to defeat him, but failed. The next year, 1866, they nominated a full ticket of the Leaguers and all went well. In 1867. Dr. Henry Orlady, Chief Sachem of the League, was a candidate for the State Senate, and was defeated in the nomination by Samuel McVitty. The wrath of the Leaguers was now aroused, and McVitty must be and was defeated. The next year, 1868, D. R P. Neely broke their "ring" for Sheriff. It is still fresh in the recollections of the party what lies they circulated and what efforts they made to defeat him. They had a secret committee in every township secretly to give out tickets against Neely. The people were too watchful for them, and Neely was elected.—This fall the people in their might have pretty effectually broken their "ring," and they have become desperate and are willing to resort to any desperate, bold measures to defeat the whole ticket. And since they find that the people have been fighting their secret order and are determined it shall be crushed, they have the bold hardihood and brazen effrontery to turn round and charge upon the present nominees of the Republican party and their friends, that they belong to the very order their unscrupulous disorganizers have been running for years. For years these bold, unprincipled demagogues have run the Republican party and held all the offices, and whenever their secret "ring" has been broken, they have played the guerilla. We ask the honest voters of the party, who has ever played guerilla except those who are playing it now? What candidate nominated by this secret "ring" has ever been defeated? But it is time that this was stopped, and that these oath-bound Leaguers were taught that the Republican party was not gotten up for their especial benefit.

We will now take a hasty glance at the political records of the ring leaders of this secret oath-bound "ring," who assert that they wish to purify the Republican party. If their wish is genuine, let them leave the party; it will then become pure. The following affidavit of Henry R. Shearer, of Shade Gap, a man who stands high in that community for his moral integrity and uprightness, will show what kind of purifiers Dr Henry Orlady and Ex-Sheriff George W. Johnston are. Mr. Shearer furnishes this affidavit under a sense of duty he owed to the party and its nominees, and could not stand idly by and see perpetrated this foul wrong:

AFFIDAVIT OF HENRY R. SHEARER.

State of Pennsylvania, County of Huntingdon, SS.—On this 30th day of September, A. D. 1869, personally appeared before me, a Justice of the Peace, in and for said county, Henry R. Shearer, of Shade Gap, Huntingdon county, who being duly sworn according to law says that on the day Governor John W. Geary was first nominated for Governor by the Republican party, in the spring of 1866, he was at Harrisburg and there met Dr. Henry Orlady and George W. Johnston; that he met Dr. Henry Orlady up at the capitol, who told him that he had some business with him and asked him to return to the hotel; that he went to the State Capitol Hotel; the Doctor took him up stairs to a private room where they found George W. Johnston; the Doctor then went on to explain the business he had with him. He said they had a secret political order in Huntingdon county, which had for its object the controlling of nominations in the Republican party; that they have from three to eight members in each election district so that they could control the delegate elections of the Republican party, and thus could control the nominations of the party; that they then read to him from a written manuscript, until they came to where they had to administer an oath; that he then informed them he had conscientious scruples about joining any oath-bound secret political order, and refused to be sworn. Dr. Henry Orlady and George W. Johnston then tried to persuade him to take the oath; they said they had taken it. The Doctor said to him, "Henry, I have taken the oath, and you know I would not have done it if it was wrong," and told him that was the way politics were and had been managed in Huntingdon county, and that they could not be controled in any other way; that if he would take the oath they would give him a list of all their members throughout the county, and that they would get him a pass over the Penna. Railroad, that it was the only channel through which politics were operated in this county, and the only one, through which they could be operated, and that if he wanted to get anything from the party he would have to come in; that outside of this order he could not get anything. He informed him that he could not take the oath; that he would take the matter under consideration, and if he could reconcile his prejudices in regard to taking an oath to join a secret order he would let them hear from him, and then left them; that his first acquaintance with Dr. Henry Orlady and George W. Johnston was at the Convention that nominated George W. Johnston for Sheriff in 1862, and Samuel Hackedorn for Poor Director; that Mr. Hackedorn introduced him to Sheriff Johnston and Doctor Orlady, and told him he would have to support George W. Johnston for Sheriff, so that he could get their support for Poor Director. H. R. SHEARER.

Witnesses present at signing: K. Allen Lovell, H. W. Miller.

By this affidavit we can see how and by what means the Republican party has been managed in this county. Unless a person is a member of this order he could not get anything in the party How faithfully they carry this out may be seen when the Leaguer's Ring is broken and some honest man is nominated. They then play guerilla and try to defeat his election, as is seen in the cases above mentioned, and in the present bold attempt to defeat the Republican ticket. Republicans of Huntingdon county, be true to yourselves, and stand by your county nominations and show these bold, daring guerillas that they can neither rule nor ruin the great Republican party.

Letter from Dr. J. A. Shade.

MESSRS. EDITORS: Having been absent from home during the present week I was precluded from noticing the publication in the *Republican* of a Constitution, asserted to be in my handwriting, until the present. The document in question must certainly be an ancient manuscript, as I have no recollection of having given the *gentleman*, Mr. Shaver, any such paper, and if it is in my handwriting it strikes me it is a copy of a printed Constitution given me by the person who invited me some ten or more years ago into the "Literati". Mr. Shaver was then, I believe in the order, and I may have given him such a paper, though finding the "Literati" not what I supposed it to be—an organization in the interests of learning—I at once abandoned it, and have since been in constant hostility to it on account of its being a mere political machine to work local politics.

Prominent among the disorganizers in the county at present, I recognize some whose names were given to me at the time of my entrance into the "Literati" as members of the order, and I have no doubt they are working the present fight in its behalf. Mr. Woods never was to my knowledge sworn into any order called the "Literati" or "People's League." I make the aobve statement in justice to myself and others, who are sought to be placed in a false position before the public. J. A. SHADE.

Shade Gap, September 30, 1869.

A Card.

Since the statement made and published by some 38 of the delegates to the late Republican county convention of Huntingdon county, it has been rumored about that I was a member of the Literati or People's League for the reason that I had not signed said paper. I have only to say that I am not now, nor never have been a member of the Literati or People's League, that I know nothing about any secret political society in Huntingdon or any other county. I was a delegate to the late Republican County Convention, and was not influenced by Wm. H. Woods or any other person in any action in the Convention, but acted as I believed I had a right to do, and do not think the Hon John Scott or any other man has any right to charge me with dishonesty in my action in that body. One thing I may be allowed to say, I am a Republican and will vote the Republican ticket as nominated.

H. C. WEAVER.

Huntingdon, Sept. 29, 1869.

SHIRLEY TOWNSHIP, October 1, 1869.

From the *Monitor* of the 29th ult., we learn that the Democratic County Convention assembled in the Court House at Huntingdon, on Tuesday the 28th, and after mature deliberation resolved not to nominate a county ticket. In the same paper we find the announcements of four new independents, viz: M. M. McNeil for Prothonotary, George Jackson for Commissioner, S. E Fleming for District Attorney, and James Smith for Director of the Poor. We get no further information concerning any of these gentlemen, except as to Mr. McNeil who is announced in an editorial. The fact that the others are not editorially puffed is accounted for by a little notice given by the editor which reads in this wise: "Volunteer candidates who want us to serve them must call and pay their share of expenses thereof at once." Step up to the Captain's office, gentlemen, and secure an immortalizer in the next issue.

We know something about Mr. McNeil, but for the life of us we can't see the ground upon which he asks Republicans to vote for him in preference to Mr. Fouse, our nominee. It is said that he is a *beautiful* penman.—If this refers to the style of his hand writing, we only have to say that it is far inferior to that of Mr. Fouse. The eulogy for which he paid also states that "he is courteous, obliging and honorable, attentive to business and punctual in his engagements." All of these virtues are possessed by our nominee. Moreover, we are informed that Mr. M. is a *consistent Democrat*, which we look upon as very doubtful compliment. "Republicans can't well vote for *consistent Democrats*—A *consistent* Democrat is a regular Vallandighamer. To prove that Mr. McNeil is a *consistent* Democrat the writer might have cited his record during the late "unpleasantness." He might have shown how studiously he avoided taking any part in the "unholy crusade against our southern brethren" and how whilst Mr. Fouse was carrying a musket with "Lincoln's hirelings" or lying wounded in the hospitally. Mr. McNeil was "sword in the skin" school." In Tuckahoe, The people here don't appear to know the independent candidate for County Commissioner. We are acquainted with but one George Jackson in Huntingdon and his *consisteney* as a Democrat is so remarkable that he would surely not ask for Republican votes. Who is this aspiring individual? Is it the George Jackson who used to say we when speaking of the *rebels* and *you* when speaking of the *Union* men? Is it the individual who stood upon your street corners on the morning after the first battle of Bull Run and said "d—n *you* didn't I tell *you* that we would whip *you*?" We hope not. For the office of District Attorney one S. E. Fleming offers himself. We were always under the impression that the law required that the office of District Attorney be filled by a person *learned in the law*. We mean no disrespect to Mr. Fleming but we must say that he is entirely unknown here. We have frequently attended your Courts but we have never known or seen a lawyer of this name. Since his announcement we have made inquiry and are informed that he resides at Huntingdon, is a consistent Democrat, and was before the late Democratic Convention asking it to nominate him for the office for which he is an independent candidate. This is enough. We vote for Milton S. Lytle, our nominee.

As to Mr. Smith, another Democrat who wants to be Director of the Poor we have but little to say. He may be running over with good qualities, but we know Mr. Richardson, our nominee, to be a gentleman of strict integrity and rare business qualifications. We mean to give him a full vote and to elect him with the balance of the Republican ticket. The independents might just as well have been put up by their convention. The Republican party will not be divided by their appeals but will go to the polls on the 12th instant, and vote the whole Republican ticket from Geary to Green.

Yours, &c., S.

To the Republican Voters of Huntingdon County.

Whereas, the Hon. John Scott, United States Senator, did in a public meeting held in the Court House in the borough of Huntingdon, on Friday the 4th inst., publicly charge certain parties with belonging to some secret order called the Literati or People's League, and asserted that it was thro' this secret order that some of the present Republican County Ticket was nominated, we the undersigned, who were delegates to the late Republican County Convention, most emphatically deny that we belong to any such order as the Literati or People's League; and moreover, acknowledge that we supported in Convention some of the candidates that were nominated, and we do condemn the course pursued by the Hon. Senator

Mr. Scott has, through the Republican party, been elevated to one of the highest positions in the gift of the people; honor required him to stand by the party that thus favored him. He is guilty of *treachery* in betraying it as he has done, and in trying to ruin that party.

Mr. Scott must remember that the great Republican party is composed of independent freemen, who *can think* and *will act* for themselves, and do not choose to be led and controlled by him or any other man. As Mr. Scott has so lately come into the Republican party, modestly requires that he should not so early attempt to rule, and to his threat to crush the party if he cannot control it, we would simply remind him of Senator Cowan's fate, and further, that the Republican party has been in days gone by, triumphant, when Mr. Scott's powerful aid was with the Democrats, and will still be triumphant after he returns to his first love.

A bogus insurance agent has been swindling farmers in Crawford county. His plan was this: He insured one man's property a low rate and took his note for the amount; he went to another, sold the note at a discount, and also insured his property, receiving cash therefor; he then went to a third farmer, insured his property, took his note, and then disappeared from the neighborhood. He is being looked after.

The New Firm.

One of the most enterprising business firms in our borough is that of Henry & Co. It has always enjoyed this reputation, and the recent change in partnership, by which S. H. and B. Frank Isenberg have been added, will not in the least detract from its previous character, for both the latter are reliable, competent, and energetic young men, and will prove valuable assistants to the senior partners, S. E. Henry and Thos. S. Johnston, who are well known as good business men. Having spoken of the firm, we cannot but refer to the immense stock of goods, which they have received for the fall and winter trade, and which they are determined to sell as low as the lowest. Just go and look at their shelves, which are never allowed to get empty, and ask the obliging clerks to show you "that elegant pattern," and our word for it, they will do it.

☞ Messrs. P. H. Drake & Co., proprietors of the Plantation Bitters, are said to be the largest importers of St. Croix Rum and Calisaya Bark in America. The Rum imported by this firm is all used in the preparation of their Bitters, and is manufactured under the immediate supervision of one of their agents, upon leased plantations on the Island of St. Thomas. Over nine thousand puncheons, about one million gallons, is used annually for their Bitters alone. The Calisaya Bark is all imported from Brazil, and is also gathered and selected by the natives, under the supervision of an agent sent out for that purpose. The cures produced by these Bitters are wonderful.

DIED,

On Thursday, September 23d, Mrs. Hannah Miller, wife of the late Geo. Miller, deceased, of Barree township, in the 66th year of her age.

Address of the Republican State Central Committee.

TO THE PEOPLE OF PENNSYLVANIA.

Rooms of the Committee, No. 1105 Chestnut Street, Philadelphia, Sept. 27, 1869.—The approach of an election for Governor of the State and Judge of the Supreme Court, calls upon us to address you. That election, although confined to State officers, may have an effect beyond State limits, and exercise an important influence hereafter on the politics and destiny of the nation.

Arrayed against us, and endeavoring to secure your votes for its candidates, is the same Democratic party which was overwhelmingly repudiated by the people at the last Presidential election. It has changed none of its principles and reformed none of its practices; but is as odious to-day, to all loyal men as it has been heretofore.—Its Southern wing caused the rebellion and strove by armed force to rend in twain that glorious Union which was cemented by the blood of our fathers. Its Northern wing gave all the sympathy, aid and comfort to the rebellion that it dare, by resolutions in its State and National Conventions, and by the votes of its members in our State and National Legislatures against all propositions and bills offered by loyal men, tending to strengthen the arm of the National Government in its efforts to crush the rebellion—That party caused the expenditure of four thousand millions of dollars ($4,000,000,000) of the public money, and is the guilty author of the heavy debt that is now pressing down the national industry. It is answerable for the blood of half a million of loyal men, sacrificed in the effort to crush out its wickedness, and for the wounds and misery of hundreds of thousands more. It is responsible for the sufferings and poverty of the wives made widows, and the children made orphans at Democratic bands.

In its National Convention the Northern wing permitted the Southern rebel to dictate the National Democratic platform and policy, and has again taken to its arms the men whose hands are not yet cleansed of the blood of Northern patriots.

That party is in favor of free trade in commerce as fully now as when its Vice President Dallas gave the casting vote against American industry more than twenty years ago.

It favors practical repudiation of the National debt, by paying off interest bearing bonds, redeemable in gold, with irredeemable notes, bearing no interest; and which from their excess would become as worthless as Continental paper.

It presents as its candidate for Governor a man thoroughly impregnated with all those abominable heresies; who, though rich beyond the necessities of any reasonable man, evades by disingenuous shifts and artifices the payment of his taxes, and throws upon the rest of the people of the State that share of the burdens of the State which he is legally bound to bear. If he should be unfortunately elected, he will be as clay in the hands of the potter.

In the hands of that unscrupulous set of men, too well known to the State and nation as the "coffee-pot Democracy" who have so persistently endeavored for the last few years, by wholesale fraudulent naturalization papers and fraudulent election returns, to destroy the value of the elective franchise, it presents as its candidate for the highest judicial office, a gentleman unknown to his profession, and whose limited experience renders him unable to grapple with the great questions that are continually presented to our Supreme Court.

Such men surely are not entitled to the support of loyal and intelligent freemen.

On the other hand, we assert that the Republican party is the party of loyalty, of devotion to the Union, and to the rights of all men.

It stood by the Government in the hour of its great extremity.

Its young men went to the battle-field and offered up their lives in defense of the integrity of the Union, while its opponents stayed at home and rejoiced at rebel victories.

Its capitalists, when the credit of the Government was lowest, offered up their wealth to support our armies in the field, and to provide hospitals for the sick and wounded.

It has voted bounties for the soldiers, and provided pensions for the disabled, and for the widows and orphans of the patriot dead; and is now in the State of Pennsylvania alone expending half a million dollars yearly to educate the orphans of deceased soldiers—recognizing the duty of an enlightened Government to provide for the encouragement of the industry of the people.

It has enacted tariff, to prevent undue competition by the pauper laborer of other countries with the labor of the American citizen.

Regarding the plighted faith of the Government as the most sacred of obligations, it has determined that the debt of the nation, except where otherwise agreed upon, shall be paid in gold to the last dollar.

In the National Administration, it has redeemed its pledges to the people, by dismissing useless office-holders, by reducing the number and expense of the army and navy, and by paying off in the first six months of its existence, fifty millions of dollars of the national debt, caused by the Democracy; and with the prospect of paying off five hundred millions thereof during Grant's administration.

Whilst in the State administration, under the skillful management of Governor Geary, it has paid off five millions of our State indebtedness; and has relieved the people from all taxation on real estate for State purposes.

Such are the principles and acts of the Republican party. As the representative of those principles, we present to the people as candidate for Governor the statesman and patriot Jno W. Geary. His history is well known to you all; we need not repeat it. His military exploits are written on the rocks of Cerro Gordo and the walls of Chapultepec. They are ascribed on the ridges of our Gettysburg; on the passes of Wauhatchie; on the forests of Ringgold and Missionary Ridge; and above the clouds on the heights of Lookout Mountain. He rendered service in sixty battles, received four wounds, and lost his eldest son in the service of his country.

He has been scarcely less distinguished as a statesman; and to his intelligence and firmness we are indebted for the prevention of hasty and unwise and unconstitutional legislation, and for the punishment of murderers whom a less firm executive would have allowed to escape.

In Judge Williams we present an able and accomplished jurist, who has sat long on the bench, and had a large and varied experience; and whose numerous decisions, supported by the Supreme Court, have been recognized by that tribunal as being sound law and expressed in a manner worthy of this high commendation. In his hands the rights of the people will be secure.

The election of these two men will be of vital importance to the people.—It will destroy the sham pretensions and professions of the Democratic party, always arrogant and never fulfilled. It will establish the prosperity of the people on an enduring basis.

We exhort every friend of genuine republicanism to go to the polls and vote for Geary and Williams.

Do not wait to be solicited.

Do not wait for your neighbor.

Do not let apathetic indifference render you careless in the exercise of what is not a mere privilege, but a duty.

Remember that the election of Geary will give us an honest administration of State affairs; whilst the election of a man who evades the payment of his taxes, would be likely to be the advent to power of dishonest men!

Remember, too, that the present election may have an important bearing on the next presidential election; and if Pennsylvania should now fall into the hands of an effete and corrupt Democracy, it may throw the next National Administration into the power of rebels, free traders and repudiators.

A full Republican vote is a full Republican victory. Let every patriot do his duty, and all will be well.

JOHN COVODE,
Chairman of Republican State Central Committee.
